RULE NUMBER: 270-X-2.11

TITLE OF RULE: ALABAMA UNIFORMED CONTROLLED SUBSTANCES ACT

270-X-2.11 Alabama Uniform Controlled Substances Act.

(1) Pursuant to the Alabama Uniform Controlled Substances Act, specifically, Code of Alabama 1975; 20-2-50 and 20-2-52, it shall be necessary for all licensed dentists who dispense, administer, prescribe, maintain or otherwise have in their possession controlled substances to annually register with the Board of Dental Examiners of Alabama and obtain a State Controlled Substance Number from said Board.

(2) This State Controlled Substance Number must appear on prescription blanks as well as the Drug Enforcement Agency Number. Every written prescription issued in this state by a licensed dentist shall contain two signature lines. Under one signature line shall be printed clearly the words "product selection permitted." The licensed dentist shall communicate instructions to the pharmacist by signing on the appropriate line.

(3) Registration under this rule will be due at the same time as the annual license registration to practice dentistry. In order to obtain a state controlled substances number the dentist must possess a current and valid registration from the United States Drug Enforcement Agency.

(4) The fee for registration and the State Controlled Substance Number shall be an amount to be fixed by the Board.

(5) Any licensed dentist dispensing, administering, prescribing, maintaining, or possessing controlled substances who have not registered or obtained a State Controlled Substance Number will be deemed in violation of the Uniform Controlled Substances Act and will be subject to the penalties prescribed by law.
