**Questions 1-12: Study reference ADHP dentist instructor manual.**

1. The following textbooks are required for the ADHP academic sessions. General review of each textbook should be completed prior to first academic session. (Specific reading assignments for each lecture will be provided to the student prior to lecture.)

2. The following instruments are required for the ADHP. The classification, characteristics and utilization of these instruments will be addressed in the ADHP lectures and on subsequent examinations.

3. The majority of the ADHP academic lecture material is related to the textbooks by Nield-Gehrig: Foundations of Periodontics for the Dental Hygienist and Fundamental of Periodontal Instrumentation & Advanced Root Instrumentation. List the seven other subjects that the ADHP academic lectures will address.

1.	
2.	
3.	
4.	
5.	
6.	
7.	

4. The following circumstances require *IMMEDIATE* return of the Alabama Dental Hygiene Training Permit. With return of the Permit the candidate must *CEASE* performing all duties identified as exclusive duties of a dental hygienist.

1.	
2.	
3.	
4.	

5. A student hygienist must have a grade point average of \_\_\_\_\_ to successfully complete the program

6. Performance Checks, located in the Nield-Gehrig: \_\_\_\_\_, shall be completed under direct supervision of the dentist-instructor and are used to document clinical instruction.

7. Instruction of the focus of each Performance Check should include the following checkpoints by the dentist-instructor, one on one with the student hygienist:

1.	
2.	
3.	
4.	
5.	
6.	
7.	

8. A candidate must complete \_\_\_\_\_ prophylactic procedures with a minimum of \_\_\_\_\_ of the procedures being completed on patients with permanent and/or mixed dentition.

9. Candidate selection is critical to the success of the student. The dentist instructor will need to help the student with the\_\_\_\_\_. Having been employed as a dental assistant prior to enrollment, the student will be expected to know basic dental vocabulary on the day of enrollment.

10. ADHP required materials include a typodont which can be useful for:

1.	
2.	
3.	
4.	

11. To teach clinical skills it is recommended that clinical procedures be demonstrated first on models of teeth, co-workers and friends. This teaching method would allow the dentist-instructor to help the student understand 1) \_\_\_\_\_, (2) \_\_\_\_\_, (3) \_\_\_\_\_. in a relatively stress free environment where both you and the student feel free to ask and answer questions.

12. Listed in the ADHP dentist-instructor manual is a guide for clinical instruction. List the suggested focus for the clinical instruction you will be expected to provide for July-August.

1.	
2.	
3.	
4.	
5.
