CITA will administer both the written and clinical examinations for licensure. The location, dates, and times will be determined by CITA.

Student Evaluation: The evaluation consists of one comprehensive written examination for each subject lecture. The exams will take place prior to the lecture of the following month. The ADHP course has a Pass/Fail grade. The evaluation consists of 16 topics covered by monthly examinations that have equal grade components (1500 points). Another 400 points are related to mid-term written and hands-on exams. The remaining 100 points of the final grade is attributed to performance in homework that will be assigned to each student every month.
